

Did You Know.....

The Federal Requirement for CDL applicants to complete Entry Level Driver Training (ELDT) before taking a road or skills exam takes effect on 07 February 2022.

...but there's good news...

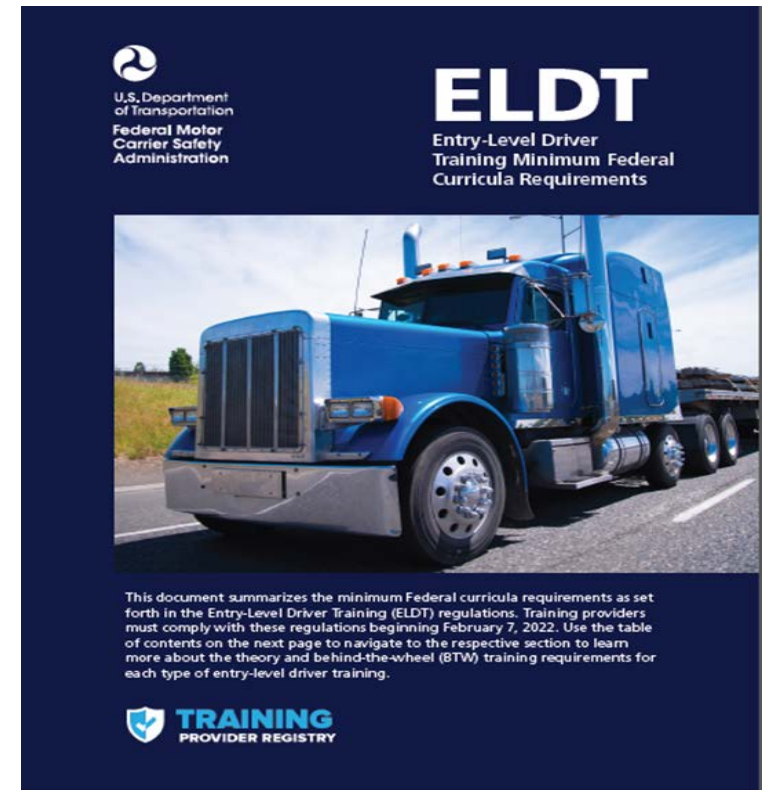

Drivers who have successfully completed a written exam and hold a CDL permit before 07 February 2022 are exempted from having to complete ELDT prior to a skills or road test.

Your Maine BMV wants to help!

BMV schedules written exams 2 weeks in advance, to ensure enough time to provide applicants written scheduling notification via the mail.

... so we want to hear from you if you'll be ready to test before 7 Feb...

To increase the likelihood of scheduling a CDL or endorsement written exam before 07 February, submit your completed application with payment to BMV no later than 10 Jan 2022
