

CHAMPLAIN COLLEGE

Financial Educator Virtual Academy

We are excited to announce Maine's first-ever on-demand virtual financial educator academy!

Participants will receive:

- Strategies for successfully teaching personal finance in middle and high school classrooms, college settings, and with adult learners.
- Seven hours of professional development training, available 24/7 until December 16th.
- Classroom resources, national research, and teaching strategies featuring Maine personal finance educators.
- Professional development credit for each session complete (you may attend as many as you like).

The first 100 Maine classroom teachers to complete all seven hours of training will receive a \$50 Amazon gift card.
