

MAINE – FRANCE SUSTAINABILITY COLLABORATION CAMPAIGN

Connect Globally, Act Locally

WHAT?

The Maine Department of Education is partnering with the Académie de Nantes, France, to enhance students' cultural exchange and global learning. Maine and Académie de Nantes schools will learn from one another about sustainability while taking action in their own schools or communities.

WHO?

Middle & High Schools across Maine with interest in:

- Seal of Climate Literacy,
- Green Schools,
- outdoor learning
- French & world language programs,
- Extended Learning Opportunities

WAYS TO ENGAGE

★ **Learn & Exchange:** Showcase sustainability ideas, practices, and challenges with a partner school.

★ **Act Locally:** Collaborate on Related local projects such as composting, recycling, gardens, sustainability planning, or a climate-literacy experiential project.

★ **Share & Showcase:** Share your Learning through posters, presentations, videos, webpages, or joint virtual events.

WHY?

- Promote intercultural understanding,
- provide students with global experiences, and
- develop the teaching of French and English
