

MAINE SCHOOLS SUPPORTING THE SEAL OF CLIMATE LITERACY

OPPORTUNITY TO COLLABORATE WITH ACADÉMIE DE NANTES

Maine DOE is exploring opportunities for Maine schools to connect with partner schools in Académie de Nantes, France. Schools engaged in climate literacy, sustainability, student leadership, and global learning may be especially well positioned for this collaboration.

WHY THIS OPPORTUNITY MAKES SENSE

- 1 Connect climate literacy to global citizenship.
- 2 Pair with French schools engaged in sustainability work.
- 3 Create authentic student-to-student collaboration.
- 4 Strengthen cultural understanding and language connections.
- 5 Build meaningful projects without requiring a full exchange program.

POSSIBLE COLLABORATION THEMES

-  Sustainability & Environmental Action
-  Student Leadership & Civic Engagement
-  Climate literacy and local solutions
-  Outdoor learning and stewardship
-  French language and Francophone culture
-  Shared student projects or showcases

WHO SHOULD REACH OUT?

- Supporters of students pursuing the Seal of Climate Literacy
- French Program Leaders & World Language Educators
- Schools with students involved in sustainability efforts and environmental leadership
- Schools interested in global partnerships and project-based learning

FLEXIBLE WAYS TO PARTICIPATE

-  Full school-to-school pairing
-  Short-term classroom collaboration
-  Shared student project or showcase

Interested schools and SAUs are invited to contact the Maine DOE Strategic Partnerships Director to learn more and explore options.
